Dragonfly Energy Launches the Li-MITLESS ENERGY Podcast

March 1, 2023

Dragonfly Energy Podcast Hosted by CEO Denis Phares brings forward important conversation with Leaders in Green Energy, Off-the-Grid Lifestyle and Renewables

RENO, NEVADA (**Mar. 1, 2023**)– Dragonfly Energy Holdings Corp. ("Dragonfly Energy" or the "Company") (Nasdaq: DFLI), maker of Battle Born Batteries and an industry leader in energy storage solutions, is furthering the sustainability conversation with The Li-MITLESS ENERGY Podcast series hosted by CEO Dr. Denis Phares featuring industry leaders from the United States and around the globe. The conversational format addresses more than lithium-ion battery technology, focusing on bigger picture themes around green energy.

Seven podcast episodes are available and include in-depth industry interviews with Todd Woelfer, Chief Operating Officer (COO) of Thor Motor Coach (NYSE: THO); Nathan Wagler, COO of nuCamp, the world's largest manufacturer of teardrop campers; John McDaniel, founder and Chief Executive Officer (CEO) for Wounded Warriors in Action Foundation; and Steve Cotton the President, CEO, and Director of Aqua Metals, Inc. (NASDAQ: AQMS), driving metals recycling with its patented hydrometallurgical AquaRefining™ technology.

"The goal of our podcast is to have an open discussion with leaders who are innovating and providing long-term solutions focused on green energy, renewables and the lifestyle that they enable," said Phares. "The conversations are focused on topics and ideas that are driving positive change for society. Our guests are at the forefront of their respective industries, and we're thrilled to engage in their perspectives and learn about the actions they're taking. If we can inspire future leaders in the space and encourage honest conversations, we've accomplished what we've set out to do."

The Li-MITLESS ENERGY Podcast is available now on all podcasting platforms including Apple Podcasts, Spotify, Google Podcasts, iHeartRadio, Amazon Music, Youtube and others. Listeners can expect upcoming episodes to feature more industry leaders, including Airstream's VP of Sales, Justin Humphreys and Ember RV's Founder, VP and COO, Chris Barth.

About Dragonfly Energy

Dragonfly Energy Holdings Corp. (Nasdaq: DFLI) headquartered in Reno, Nevada, is a leading supplier of deep-cycle lithium-ion batteries. Dragonfly Energy's research and development initiatives are revolutionizing the energy storage industry through innovative technologies and manufacturing processes. Today, Dragonfly Energy's non-toxic deep cycle lithium-ion batteries are displacing lead-acid batteries across a wide range of end-markets, including RVs, marine vessels, off-grid installations, and other storage applications. Dragonfly Energy is also focused on delivering an energy storage solution to enable a more sustainable and reliable smart grid through the future deployment of its proprietary and patented solid-state cell technology. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that are not historical statements of fact and statements regarding the Company's intent, belief or expectations, including, but not limited to, statements regarding the Company's new technology, future results of operations and financial position, planned products and services, business strategy and plans, market size and growth opportunities, competitive position and technological and market trends. Some of these forward-looking statements can be identified by the use of forward-looking words, including "may," "should," "expect," "intend," "will," "estimate," "anticipate," "believe," "predict," "plan," "targets," "projects," "could," "would," "continue," "forecast" or the negatives of these terms or variations of them or similar expressions.

These forward-looking statements are subject to risks, uncertainties, and other factors (some of which are beyond the Company's control) which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. Factors that may impact such forward-looking statements include, but are not limited to: the Company's ability to recognize the anticipated benefits of the Company's recent business combination with Chardan NexTech Acquisition 2 Corp. and related transactions; the Company's ability to successfully increase market penetration into target markets; the growth of the addressable markets that the Company intends to target; the Company's ability to protect its patents and other intellectual property; and the Company's ability to generate revenue from future product sales and its ability to achieve and maintain profitability. These and other risks and uncertainties are described more fully in the Company's Registration Statement on Form S-4 (File No. 333-266273) relating to the business combination declared effective by the U.S. Securities and Exchange Commission the ("SEC") on September 16, 2022, and any subsequent filings with the SEC.

If any of these risks materialize or any of the Company's assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that the Company presently does not know or that it currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. All forward-looking statements contained in this press release speak only as of the date they were made. Except to the extent required by law, the Company undertakes no obligation to update such statements to reflect events that occur or circumstances that exist after the date on which they were made.
